## How CFEs Benefit Your Agency

A Certified Fraud Examiner (CFE) is a globally recognized, trained professional who protects organizations, businesses, government agencies and the general public from fraud. ACFE research indicates that **organizations with CFEs on staff experience fraud losses that are 68% smaller than organizations without CFEs on staff.\***

Key staff with an understanding of fraud prevention and detection are critical, and ACFE membership pertains to all job functions. Having CFEs on staff ensures that employees recognize the warning signs that indicate evidence of fraud. LEGA can help you certify your team and bring an unparalleled level of anti-fraud knowledge to your team.
