Ernst & Young

Marietta, GA

Vincent Walden is an Atlanta-based Partner within EY's Fraud Investigations & Dispute Services practice specializing in forensic technology. His areas of focus include eDiscovery, forensic data analytics, information governance and cyber breach response services. Providing leading technology perspectives on both proactive compliance programs and reactive investigations, Vincent is part of a global leadership team of skilled forensic technology and data mining professionals and is the Southeast Regional Forensic Technology leader. Vincent has over twenty years of experience handling the information management, forensic analysis and electronic discovery needs for large scale, complex litigations, investigations and proactive anti-fraud and compliance programs across a variety of industries.

As a Certified Public Accountant and a Certified Fraud Examiner, he has been featured in many publications including FRAUD Magazine, Internal Auditor Magazine, Compliance Week, Forbes, and The Economist. Most notably, he is part of COSO's Anti-Fraud Task Force where he recently co-authored COSO's "Fraud Risk Management Guide" released in September 2016.

Prior to joining Ernst & Young, Mr. Walden spent five years specializing in litigation technology supporting investigative and legal matters at another Big Four firm. Before that, he served as president and CFO of a privately funded Internet company, which was subsequently sold as well as a large accounting firm specializing in economic and dispute advisory services.
